According to the World Health Organization, about 3.3 billion people (half the world's population) are at risk of contracting malaria. Every year, this leads to 250 million malaria cases and nearly one million deaths. In Africa, every 30 seconds a child dies from malaria.

Just \$10 covers the cost of buying a net, delivering it, and educating communities on its importance and proper use. These bed nets do more than just protect families from mosquito bites – they save lives.
