

SERVE TO HONOR YOUR COUNTRY. GIVE BECAUSE YOU CARE.

Water is a necessity, especially for survivors of a natural disaster. U.S. military service members unload water at the Port-au-Prince, Haiti airport.

Give through the Combined Federal Campaign-Overseas and help those in need in overseas military communities, across the nation and around the world. Your contribution is a vital source of support to more than 2,400 charitable organizations.

Your opportunity to help begins 3 October.
